### OUTLINES.

Yesterday was another strenuous day in the railway rate controversy, the visit of Assistant Attorney General Sanford to Governor Glenn apparently having amounted to nothing; the Governor refuses to enter into any arrangement looking to the settlement of the matter unless the railroads will first agree to put the new law into effec; he threatens to call an extra session of the Legislature to deal with the case; it is stated in Raleigh that the railroads may accept the ultimatum delivered by Governor Glenn. ——The second of the defendants in the A[illegible] lynching case at Monroe was acquitted by jury yesterday and Judge Peebles presiding over the term urges Solicitor Robinson to ask for a removal of the cases to still another county on the ground that there is too much feeling in Union. ——Next Tuesday is set for the date for the final vote in the Georgia General Assembly on State prohibition there; the minority has adopted filibustering tactics, else the law might have been passed long ago. ——Associate Justice Connor in the hearing of the Rowland habeas corpus in Raleigh, N. C., declines to allow the defendants bail, this without prejudice to either side. ——Senator Borah began speaking in the Haywood case at Boise, Idaho, last night; it is expected that the life of the defendant will rest with jury by Saturday morning; Darrow completed his argument for the defendant yesterday, being extremely bitter and denunciatory of th opposing elements. ——Georgia peach growers have complained to the State Corporation Commission of the lack of cars and will ask for relief. ——North Carolina jewelers in annual convention at the Jamestown Exposition last night opposed the parcels post and went on record as favoring the extension of the rural free delivery service. —— New York aquatic athletes won in the swimming contests at the Jamestown Exposition yesterday.——Southern Pacific was the feature of the stock market in New York yesterday, the directors having adjourned for a week without taking action on the dividend. —— It was reported in Augusta last night that while a terrific wind, rain and electric storm was in progress there, two boats containing negro excursionists capsized in the canal and that all hands were lost; later reports, however, diminished the effect of the disaster. ——According to advices from Korea last night, arrangements are under way for a peaceful settlement of all differences between the two countries.——New York market; Money on call, easy at 1 3-4 to 2 1-4 per cent.; ruling rate, 2 1-4; closing bid, 1 1-2; offered at 2; spot cotton closed quiet; middling uplands, 13.10; futures opened steady and closed steady; flour was quiet; wheat, spot firm; No. 2 red, 98 elevator; corn, spot firm; No. 2, 61 1-2 elevator and 61 f. o. b. afloat; oats, quiet; mixed, 49; turpentine, quiet at 58 1-2; rosin, firm.

After all, isn't the assessment of railroad property in North Carolina as high as that of individuals?

Anyhow, North Carolina is getting a big lot of free advertising. She stands top of column on first page all over the country.

An idea of the bigness of the American metropolis may be formed from the fact that Fire Commissioner Lantry will ask the Board of Estimate of New York city for an appropriation of $10,000,000, with which to run this department the coming year.

It seems clear now that while Mr. Bryan is a candidate for the Democratic nomination for the Presidency, he will not insist on writing the platform. It seems equally clear that the platform will have no government ownership or initiative and referendum plank in it.

There's nothing small about the Southern Railway. It paid the tolls on the special telegrams covering the full text of Judge Pritchard's Asheville decision to all the newspapers that wanted it. As the decision embraced 5,800 words, the aggregate expense must have been heavy, the cost, as we are informed, varying from about $30.00 to $150.00 . On some cases extra tolls were paid for direct wires.

"The Administration" is sorely embarrassed over the legal aspect of the railroad question in North Carolina, and they do say the President is saying things that are as warm as the Oyster Bay weather. He thinks Judge Pritchard has made a serious blunder and that the question of States' Rights will become a leading issue in the next campaign; and this is very discouraging to the smoothest politician in these United States.

It is greatly to be deplored that it was possible for the railroad cases to become involved in such a legal tangle as now exists. We believe, however, that Governor Glenn is trying to enforce the laws of the State as he construes them; and he is undoubtedly sustained by many of the ablest lawyers in the State. But what a pity that the whole affair could not have assumed the form of a "case agreed."

## THE SUPERIOR COURT

### Business of Present Term May Be Disposed of By End of Week.

### PROCEEDINGS YESTERDAY

**Two Charged With Murder Arraigned George Roderick Gets Twelve Months—House Burning Case Later—The Grand Jury.**

The arraignment of two of the defendants in the capital cases for trial at the present term, the trial and conviction of George Roderick, the white man who held a squad of policemen at bay with a shot gun in front of his house in this city earlier in the Summer, and the continuance of several matters of more or less interest on the docket were the chief features of yesterday's session of the Superior Court. The judge and solicitor had progressed so well with the docket that no more bills were found and shortly after noon, a recess was taken for the day.

The two defendants charged with murder are Herbert Moyes, colored, charged with inflicting wounds on Press Pemberton at Almont factory that afterwards caused the latter's death in the hospital in this city, and Robert Mills alias Walker, who stabbed another negro to death on Nixon street one night several months ago, George L. Peschau, Esq., has been assignd to the defense of Moyes and Marsden Bellamy, Jr., to the defence of Mills or Walker. The cases will be caled up first thing this morning.

The charge against George Roderick was assault with intent to kill, and resisting an officer. He was represened by George L. Peschau, Esq., who succeeded in eliminating the count of resisting an officer in the bill of indictment on the ground that the policemen who went after him were not armed with a warrant, but he was found guilty of the assault after half an hour's deliberation, and the defendant was sentenced to 12 months on the road.

The case of Contractor Thos. N. Simmons, charged with shooting young Mike Bryan, on election day in the Spring, was called up during the day, but the matter was postponed until this morning on a motion by the defense to continue the case until the next term.

The grand jury has not yet made a return on the bill against Mary McDaniel, the colored woman charged with putting out the fire which burned nearly a block of houses in the southern part of the city on a Sunday morning a month or two ago. A return on the bill is expected this morning.

Among the cases of interest continued yesterday were those against Jno. H. Shaw, managing trustee of the Eastern Star Hall, a colored place of resort on Princess street, alleged to have been maintained as a nuisance, the cases coming over from the Mayor's court. The continuance yesterday was for the State, which was without its witnesses. Other continuances were John C. Burnett, charged with retailing. Ammy Carter, non support; L. M. Bryant, forcible trespass and larceny.

Henry Wilson, the negro charged with assault with intent to commit rape and who submitted the day before to an assault with a deadly weapon, was sentenced to one year on the roads.

Mandley Jackson, who submitted to carrying a concealed weapon, was sentenced to four months on the roads. Judgment was suspended in a case against the same defendant for an assault with a deadly weapon.

Case against Carrie Purdie, charged with larceny, was called, but defendant failed of appearance and judgment nisi, sci fa and capias was ordered.

Judgment absolute for bond was given in cases of John Jones, sci fa; Callie Smith, keeping bawdy house, and Rowland King, non support.

Robert Smith, colored, in jail for an assault with a deadly weapon, was reported to be an epileptic and Solicitor Duffy took a nol pros with leave and defendant was discharged.

It is possible that the business of the present term will be completed by Saturday afternoon, though it is barely possible that the court may go over into next week.

## THE CHANGES OFFICIALLY

**Circular Yesterday From Office of General Manager Royall Relative to Atlantic Coast Line Changes. One New Division.**

An official circular which will be issued today from the office of General Manager W. N. Royall confirms the semi-official announcement made some week ago of a change in the divisions of the Atlantic Coast Line and the transfer of Frst Division headquarters from this city to Florence, S. C. The changes are about as have been published and include the creation of a new division with headquarters in Rocky Mount, Capt. W. H. Newell, of this city, being appointed General Superintendent of the same. As stated the First Division headquartrs go to Florence with Mr. A. W. Anderson as general superintenent.

The changes are effective on Auguest 1st and the circular announces that after that date the system will be operated in four divisions as follows: The First Dvision, Mr. W. H. Newell, General Superintendent with headquarters at Rocky Mount, N. C., Second Division, Mr. A. W. Anderson, general superintendent with headquarters at Florence, S. C., Third Division, Mr. J. N. Brand, general superintendent with headquarters at Savannah, Ga., and Fourth Division, Mr. M. Riddle, general superintendent with headquarters at Jacksonville, Fla.

Of the First Division with headquarters at Rocky Mount, Mr. W. B. Darrow, formerly with the Southern Railway in Florida, becomes superintendent of transportation and the division includes the Richmond, Norfolk, Fayetteville and Wilmington districts with no Chadbourn district as before. Mr. J. A. Fountain is superintendent of the Wilmington district and there are no changes in the others. The change, of course, removes Capt. Newell and his office force from Wilmington. This is generally regretted as is also the removal of the headquarters of Mr. Anderson with his office force. These include the office force proper of Mr. Anderson and the office of Mr. C. M. James, engineer of roadway. Mr. L. L. Sparrow, formerly engineer in the construction department of the system in Florida, becomes engineer of the new First Division with headquarters in Rocky Mount.

On the Second Division with Mr. Anderson as superintendent, Mr. F. M. Doar, formerly district superintendent at Savannah, becomes superintendent of transportation with headquarters at Florence. Mr. J. C. Murchison, of this city, becomes superintendent of the Charleston Division with headquarquarters at Charleston, vice Capt. G. D. Pugh, who goes to Savannah to succeed Mr. Doar, transferred to the superintendent of transportation at Florence.

In the First Dvision the Richmond district is comprised of the main line from Richmond to South Rocky Mount, the James River, the Petersburg and Western branches with Mr. E. Phoenneger as superintendent. The Norfolk district will comprise the main line from Norfolk to Rocky Mount and the Washington, Kingston, Plymouth, Pig Point, Bellville and Beach Grove branches with Mr. B. J. Hughes as superintendent. The Fayetteville district will comprise the main line from South Rocky Mount to Florence with the Latta and Nashville branches with Mr. G. B. McClellan as superintendent. The Wilmington district will comprise the main line from Contentnae to Wilmington, including Wilmington yard and to Navassa; the A. & Y. Division and the Newbern, Midland, Clinton branches and the dummy line with Mr. Fountain as superintendent.

### BROTHERHOOD SUPPER.

**Pleasant Affair at Atlantic View Hotel Last Night—Addresses.**

The annual supper of the Brotherhood of St. James last night at the Atlantic View Hotel, Wrightsville Sound, was a thoroughly delightful affair in every respect. There were 30 or 40 members of the Brotherhood and invited guests present, the party from Wilmington having gone down to the Sound on the 7 o'clock car. Rev. R. W. Hogue presided and a number of responses were made informally during the evening, among these being one by Judge J. Crawford Biggs, who is presiding at the present term of the Superior Court in Wilmington. Solicitor Rodolph Duffy was also expected but was detained in the city longer than he expected and could not be present.

The supper was served by Mr. W. H. Stokley, the clever proprietor of the hotel, and the repast was a sumptuous one, including many delicacies of the sea with other tempting viands. The party returned to the city early in the evening after spending a most delightful evening.

### Building Permits Yesterday.

The following building permits were issued yesterday: Contractor R. H. Brady, two-story, brick engine house to cost $9,000 for the city, on Fourth street, between Market and Dock. C. C. Chadbourn, three two-story tin-roof frame dwellings to cost $1,800 each, on Sixth street, between Nun and Church. John D. Bellamy to build a one-story factory on site of old Industrial Works at Surry and Queen streets, to cost $700.

## ULTIMATUM ISSUED

### Railroads Must Obey Law Pending Arrangements in Rate Litigation.

### MAY CALL LEGISLATURE.

**Conference With Attorney Sanford in Raleigh Yesterday Really Amounted to Nothing—Other Developments in Case Yesterday.**

(Special Star Telegram.)

Raleigh, N. C., July 25.—After a conference between Gov. Glenn, counsel employed in the railroad litigation by the State, State officers and Assistant Attorney General Sanford, of the United States Department of Justice, this afternoon, Governor Glenn announced an ultimatum he has submitted, an especial feature being that the railroads must put into effect the 2 1-4 cent rate pending adjudication of the litigation now in the State and Federal courts. He also gives an interview in which he expresses the opinion that a special session of the Legislature will be necessary if the railroads refuse to yield.

A list of the ultimatum follows:

First. Let the railroads put the two and a quarter cent rate into immediate effect, pending final determination of the legal questions involved.

Second. The State will appeal from the order of Judge Pritchard, discharging parties in the Asheville writ of habeas corpus.

Third. The Southern Railway will appeal to the Supreme Court of North Carolina in the Wake county case, and if the case is then decided against it, it may take the case by writ of error to the Supreme Court of the United States.

Fourth. Both sides are to co-operate to have both cases advanced and argued together and speedily determined.

Fifth. The State at its option to indict the Atlantic Coast Line in one case.

Sixth. All other indictments to be stopped pending the final determination of the case.

Seventh. The Governor to advise all people against bringing penalty suits, pending final determination of the question involved and to ask the people to acquiesce in this arrangement.

Eighth. The suit pending before Judge Pritchard to be diligently prosecuted without the State, however, waiving any question of jurisdiction.

An answer to the ultimatum is expected tomorrow.

After announcing the counter proposition or ultimatum, Governor Glenn save an interview in which he said his conference with Assistant Attorney General Sanford, after all, practically amounted to nothing; that Mr. Sanford suggested that the Governor confer with officials of the railroads, expressing a belief that these officials would be glad to confer with him, if he desired it. The Governor's reply was that he would be glad to confer with the railroad officials, but this would be useless unless the companies would agree to put in operation the 2 1-4 cent passenger rate pending the adjudication of the cases pending as stipulated in the ultimatum.

The Governor declared that in the event he expressed it, the railroads refuse terms offered and as he expressed it, "still insist on controlling State Courts through the Federal Courts," he would continue as best he could to enforce the State law, doing nothing revolutionary himself or out of the legal course, and advising no officer to do so, but he would simply in a legal and dignified way uphold the constitution and laws of the State and Nation. He says he wants no conflict.

The Governor said it looks now to him like an extra session of the Legislature is inevitable, so that all matters at issue may be placed before that body to end it and take such steps to control and regulate railroads in the State as in the light of present developments it may seem just and proper. The Governor says he does not wish this, but he gets his authority and power through the Legislature, and it alone by eminent domain can control and regulate railroads, acting in defiance of both law and the proceedings of legally constituted State Courts. He says he regrets that an interview with Mr. aSnford amounted to nothing, and the only thing that will utie his hands is for the railroads to consent for the new rate to go into effect, pending a settlement of the litigation. Governor Glenn says the Council of State is with himi n the course he is pursuing.

(By Associated Press.)

Asheville, N. C., July 25.—The following correspondence between Governor Glenn and Mark W. Brown, solicitor for the 15th judicial district, regarding the railroad rate fight, was made public here today:

Solicitor Brown to Governor Glenn:

"Asheville, N. C., July 23.

"Referring to the passenger rate litigation, Hon. Edward T. Sanford, assistant attorney general of the United States, who is here as a representative of Department of Justice has hasmade the following suggestion to me as a representative of the State, and to counsel representing the Southrn Railway Company in the interest of harmony, and to avoid conflict btween the

## HELD WITH REDUCED BOND

**Preliminary Trial of Contractor Thos. N. Simmons, Charged With Assault on Architect H. E. Bonitz and Under Peace Bond.**

The preliminary trial of Contractor Thos. N. Simmons, charged with an assault upon Architect H. E. Bonitz in which serious injury was done and on a peace warrant growing out of the same affair was held yesterday afternoon at 5 o'clock before Justice G. W. Bornemann in the city court room, the narrow confines of the magistrate's own office on Pricess street being inadequate for the large number of witnesses and specatators interested in case. The original trial was set for 1 o'clock yesterday afternoon, but at that hour the defendant failed to show up and upon motion of counsel for the prosecution, A. J. Marshall and F. W. Bonitz, Esq.'s, Mr. Simmons was called out and his bond in the sum of $1,000 in the two counts with Mr. R. W. Wallace as surety was declared forfeited unless a valid excuse was later rendered. Mr. Simmons had gone to the beach in earch of a witness for his defence and had missed the car that would have put him in the city in time to appear at the hour set.

When the court was called to order at 5 o'clock yesterday afternoon there was a large crowd in the court room and Mr. Simmons appeared with his attorney, E. M. Koonce, Esq., of Jacksonville. N. C. The counsel for the prosecution, notwithstanding the defendant's later appearance, insisted that the bond should be forfeited, but Justice Bornemann held that Mr. Simmons had rendered a valid excuse and ordered the trial to proceed, a large number of witnesses having been called for each side.

Mr. Bonitz was the first witness for the prosecution and detailed at length the assault upon him by the contractor, saying that he had approached the man with a friendly greeting and that when he asked the contractor about some work on one of the cottages, he replied with an oath, "To hell with the cottages"; then commanded him to take off his eyeglasses and proceeded to reign blows upon his head and into his face. He testified also that Mr. Simmons kicked him in the face and did him other injury as the result of which he was confined to his home for two days, and that he was yet suffering with his eyes, unable to carry on his work as an architect. He wore a pair of dark glasses in court, but otherwise appeared little the worse for the assault.

Messrs. Thos. H. Wright and R. H. Northrop were introduced to prove that previously the same morning Mr. Simmons had threatened to whip Mr. Bonitz, and said that he had the money in his pocket to pay the bill.

A grocer's boy on the beach was introduced and testified that Mr. Simmons stamped at Mr. Bonitz as he lay partially on one side. Mr. F. H. Bagg testified to having witnessed the assault from his cottage, but could not say whether or not Mr. Simmons kicked his adversary. Mr. J. E. O'Donnell, who is living on the beach, testified to a "scrap out on the board walk," but did not know if there was any kicking. Dr. F. H. Russell was called several times to testify to the permanency of Mr. Bonitz's injuries, but he did not appear.

The defence introduced a number of witnesses, including most of the carpenters employed on the cottags by Messrs. Simmons & Reville. They could not testify that Mr. Simmons kicked Mr. Bonitz when he was down. Will Hewlett, one of the men, testified that he watched the fight from beginning to end and that Mr. Simmons did not kick the architect. This witness was severely rapped by Mr. Marshall in his argument to the justice when the testimony had been concluded. Mr. Hewlett spoke up in court to reply to Mr. Marshall, but was not allowed to do so, it being stated that he could see him after the trial and say anything to him personally that he desired.

The trial lasted from 5 until after 7 o'clock, and at the latter hour the justice held Mr. Simmons in reduced bonds of $100 in each case, in the assault case for the higher court and on the peace warrant in the same amount. From the judgment in the peace warrant, Mr. Koonce appealed and bond was fixed at the same figure. The bond was given by Mr. Simmons and the case may come up at the present term.

## FIRST SPIKE DRIVEN

### Interesting Ceremony Yesterday at Navassa In Connection With Brunswick Railroad

### PROMINENT SPEAKERS THERE

**Building of Line of Railway Through Sister County is Marked by Beginning of Actual Construction. Good Crowd Present.**

The ceremonies attending the driving of the first spike and laying the first rail on the Wilmington, Brunswick & Southern Railroad at Navassa yesterday were well attended and were very interesting. The exercises opened with prayer by Dr. Jno. M. Wells, of the First Presbyterian Church,, this city. Mr. Z. W. Whitehead president of the company then presented Major M. C. Guthrie, mayor of Southport as master of ceremonies and first speaker on the programme. Major Guthrie made a fine speech, reviewing the many undeveloped resources of Brunswick, predicted a bright future for a county that had fallen behind her sister counties for lack of transportation facilities, pictured her inexhaustible wealth of naval stores, lumber, agriculture, horticulture, and other things. He closed with a well merited tribute to the ability and far sighted wisdom of President Whitehead in thus far carrying to a successful issue what many others had failed with, citing the fact that it was through the efforts of Mr. Whitehead and his associates that the first spike had ever been driven and a rail laid on a road to Southport and on through Brunswick county to the South Carolina line.

Mr. Guthrie then introduced Mr. G. J. Boney, ex-representative of the General Assembly from Wilmington and New Hanover county, who spoke eloquently and freely of Wilmington as the great commercial metropolis of North Carolina, rejoiced in the new bounds of commercial and industrial relations with which the two counties were to be hereafter bound together and ventured the assertion that both counties would profit by the new and pleasant relations. Mr. Boney represented Mayor Springer who had been called out of the city. He brought down the house when he told the crowd that it would be only a few years before Southport would be as large as Wilmington, but that by that time Wilmington would be as large as Baltimore with her 250,000 people.

Robt. W. Davis, Esq., a prominent lawyer and president of the Southport Chamber of Commerce was introduced as the next speaker and made one of the best talks of the day. Mr. Davis laid special emphasis on the fact that while Brunswick county and Southport had had many railroads in the past, they had only been paper railroads, but congratulated the people that at last they were to have a railroad of steel rails and a coal burning locomotive as the motive power. He referred to the fact that this road was a Brunswick county enterprise, owned in part by Brunswick county and Brunswick county people, with Brunswick county men on the board of directors. He showed that Brunswick county had as high a standard of citizenship as any county in the State with resources at their command that would soon attract the attention of the world.

Mr. Guthrie introduced C. Ed. Taylor, Esq., representative in the Legislature from Brunswick and a leading attorney at Southport. Mr. Taylor sized up Brunswick county as it appears today, and from the picture he drew of the prosperity and development that would inevitably follow the trail of the railroad, drew fresh inspiration from the scene and incidents of the day, indulging the hope that the day was not far distant when old Brunswick, the home of his childhood and brthplace of his parents, would shine with new and added splendor in that great galaxy of counties in Eastern North Carolina now famous the world over as the richest and finest fruit and trucking lands in the land.

Howard C. Curtis of the Southport Herald was next introduced as the last speaker on the programme, as one who had done much through the columns of his paper for enlightening the people on this momentous issue. Mr. Curtis was graceful and pleasing in his remarks predicting that it would now be only a short while before we would all be celebrating the completion of the road to Southport, Lockwoods Folly, Shallotte and Little River, S. C.

At the conclusion of these remarks Major Guthrie announced that the next order of business would be driving the first spike in the new road by Master Thomas Ruffin Whitehead, which was done amid shouts of applause, hand clapping and cheers from the large crowd present.

Southport and Brunswick sent up a large and enthusiastic delegation aboard the steamer Atlantic, a large delegation from Wilmington joined the Southport crowd here. Refreshments were served aboard the boat and a jollier crowd of ladies and gentlemen would be hard to find. The day was

## RAILROADS AND LIFE INSURANCE

The Railroad Record and Common Carrier published at Atlanta, Ga., makes the pertinent inquiry if the thousands of people who are carrying life insurance realize how this railroad agitation over the country is affecting policies held by them in the big companies of the world. It sets out that life insurance companies must invest their revenues in something which will pay interest; they cannot very well put all their money in real estate, in National, State or Municipal bonds, hence they turn to the industrials. For years the large insurance companies, both North and South, have found profitable investments in the railway bonds of the country, but now it appears there must be a change.

In investing this way they have contributed to the wonderful development of the country and the Record and Common Carrier prints some very interesting statistics in support of this view. For instance it states that probably 20 per cent. of all the railroad bonds in the United States are owned by the life insurance companies and the policy holders are interested to the extent of something like a billion dollars.

Eleven companies own $133,000,000 of bonds issued on roads in the South where the agitation seems most acute. The New York Life alone owns $45,000,000, the Mutual Life, $36,532,000, the Equitable, $34,917,000; the Metropolitan, $7,076,000 with others in like proportion.

Locally it will be of interest to know that in our own railroad, the Atlantic Coast Line, the New York Life, holds $6,951,000 bonds, the Mutual $3,000,000; the Equitable, $1,500,000; the Metropolitan, $2,056,000; the Home Life, $100,000; the Washington Life, $100,000; the Connecticut Mutual, $1,518,000 and the Mutual Benefit, $250,000. The total of these investments by insurance companies alone in Atlantic Coast Line is $13,970,500. The investments in the Southern represent $27,243,000 and in the L. & N., $20,311,000; In Seaboard the investment is $4,250,000, principally held by the Metropolitian and the Connecticut General.

An unofficial statement is made that the net earnings of the Coast Line for the year ended July 1st, last; show a falling off of a million and a half Of course, in this era of great prosperity, the gross earnings were much larger, but the increased cost of operating was so much larger as to reduce the net earnings by the figures named above. It would appear from all of the above that the ordinary policy holder in any of the larger life insurance companies, for they all have large industrial investments, are vitally interested in the successful determination of this "railroad problem" in a manner that will be fair both to the State and to the so-called "vested interests."

## WYATT STATUE FUND.

That was a most interesting celebration held at Selma on Wednesday of this week, which set in motion the first organized effort for the erection of a fitting memorial to Private Henry L. Wyatt, the first soldier to give up his life in the Civil War. The matter had been discussed in the State for several years, various suggestions had been made, numerous newspaper articles had been written, but it remained for the good people of Selma to take the first action toward "doing something."

This they did in good fashion in their home town this week and they were joined by hundreds from elsewhere in the State. From the interest shown in this Selma celebration it is stated that there is little doubt that the $5,000 required for this memorial can be secured in a short time.

During the celebration stores were closed in Selma and all along the line of march of the parade were appropriate decorations of flags and bunting, several large Confederate flags being conspicuous for their presence.

The celebration lasted until midnight, and was under the auspices of Henry L. Wyatt Chapter, Daughters of the Confederacy, organized but two years ago by Mrs. J. W. Vick, widow of Dr. Joshua W. Vick, a gallant soldier of the "Lost Cause." The fund of $5,000 for this statue of Wyatt is started by the Chapter and the other one hundred-odd chapters all over the State will be asked to contribute It is expected to have the entire amount in hand by Jan. 1st, certainly by the time of the next general convention of the U. D. C., in Birmingham next June.

The Edgecombe Guards from Tarboro, were at Selma for the celebration Wednesday, and added no little to the success of the day. This is the company of which Wyatt was a member when he lost his life at Bethel. The only living survivor of the firing squad that Wyatt was in when he lost his life at Bethel are Maj. R. H. Bradley, of Raleigh; Mr. R. W. Ricks, and Mr. Jno. H. Thorpe, of Tarboro. The programme was very interesting and entertaining. One of the addresses was by Representative W. A. Stewart, of Harnett county.

## RAILROAD DEVELOPMENT.

It is an interesting piece of news that comes out from Richmond, Va., in a statement given out there that Thos. F. Ryan and his financial associates, George Carter, Norman Beam, Blair &Company, and others, have on foot a plan to make the Seaboard Air Line Railway one of the largest coal carrying roads of the country. This is to be done by opening a big million acre field of coal lands bought by the Seaboard in Virginia. The connection with the South & Western Railroad in North Carolina will play a most important part in the scheme.

The statement is of particular interest in Wilmington which to all appearances will be the outlet for this great freight movement to deep water. It is to be hoped that the railroad situation in the South will in no wise hamper the people of the Seaboard in making this development and there is no reason why it should.

## CURRENT COMMENT.

—Judge Pritchard made a mistake. He has no such authority as his act presumed and he has placed himself in an embarrassing position from which it may be somewhat difficult to extricate himself. The North Carolina officials are right in their contention that Judge Pritchard has no authority in such matters, and they are acting within their rights to have the violators of the law punished.—Greenville, S. C., News (Dem.).

—Says our resplendent contemporary, the New York Sun: "The rights and immunities and prerogatives of the North Carolina courts are perfectly safe in the hands of the federal judiciary." But so they are in the hands of the North Carolina judiciary; and there are "rights, immunities and prerogatives" of State courts which the Federal judiciary has no business to interfere with. The powers of a federal circuit judge are not yet quite equivalent to those of a British Resident at the court of a mediatized Indian Rajah.—Philadelphia Record (Dem.)

—The colored soldiers have always served faithfuly in the field; but when it comes to providing for them at home as the white troops are provided for, after hard service, they are wanted in no white settlement, not even where the party is dominant which has claimed theoretically to be black man's only true friend. The case seems rather hard. If there is no spot within our civilization where the colored regiments can be decently quartered and assured of fair treatment, evidently they should be disbanded. But no more eloquence should be expended in particular denunciation of race prejudice in the South.—Buffalo, N. Y., Courier (Dem.)

—Judge Pritchard is not properly blameable for employing, as in the Asheville penalty case, any reasonable methods to protect his claim to exclusive jurisdiction in the rate cases. It is really because he began by using that jurisdiction in such a high-handed manner as to arouse strong resentment that any contest has been made. He enjoined a sovereign State upon grounds which we do not believe that any Federal judge in the North—Federal judges North and South are quite different—would have deemed sufficien for enjoining an individual or a corporation. Beng advised by able lawyers that it is not altogether remedyless, the State would have shown great lack of self-respect had it submitted without first testng the legal means proposed. The plain fact is that whether or not Judge Pritchard and the two railroad companies can maintain themselves at law or induce the administration to back them up as a matter of course, they are morally in the wrong. And whether or not the State's opposition meets with any success it will more than justify itself by placing on record North Carolina's protest against an exercise of arbitrary power which not only works pecuniary injustice but ranks among the most inexcusable affronts ever leveled at the rights of the States.—Charlotte Observer (Dem.)

## TWINKLINGS.

—"How is the new house you're building coming on?" "Very well. We've just reached the second mortgage."—Life.

—"That fisherman is always talking about the whoppers he caught." "He doesn't catch them," answered Miss Cheyenne. "He merely tells 'em."—Washington Star.

—Kind Lady—"You say you are in reduced circumstances?" Former Oil Magnate—"Yes, ma'am." Kind Lady—"What reduced you?" Former O. M.—"Shrinking from publicity."—Cleveland Leader.

—Knicker—"There are plenty of books telling how to save life while waiting for the doctor." Bocker—"Yes. What we need is one telling the young doctor how to save life while waiting for the patient."—Harper's Bazaar.

—The thermometer was registering 98 degrees in the shade, as the gasping wedding procession came up the church aisle, the groom in all the heated agonies of full dress. "Wilt thou—" began the minister. But the bridegroom had already wilted.—Baltimore American.

—"Ah, that's pretty!" said Mr. Snooks, looking over a number of architectural designs. "What is that?" "That," said the architect, "is a fifteen-hundred-dollar bungalow." "What will it cost to build it?" asked Mr. Snooks. "About $8,000," said the architect.—Judge.

—Her (sighing)—"Oh, I met such a lovely, polite man today!" His—"Where was that?" Her—"On the street. I must have been carrying my umbrella carelessly, for he bumped his eye into it. And I said, 'Pardon me,' and he said, 'Don't mention it—I have another eye left.'"—Cleveland Leader.

—It was the morning after their arrival at a seaside resort. "I have often heard of the roar of the ocean," she said dreamily, "but I never knew it sounded like that." "That's not the roar of the ocean," answered her more experienced husband. "That's the roar of a departing guest who has just been presented with his bill."—Judge.

## A GOOD SADDLE.

**Except In the South and West, Most Riders Take What Is Offered.**

A well known horseman in speaking of the sport of riding in the United States recently said:

"Although there are a number of good riders in this country, very few men, except in the west and south, seem to know or care much about the saddle—that is, the way it is built. They simply take what their dealer gives them. In England it is usual for riders to have their saddles made to order, and they generally know what to order too.

"A good saddle fits both the horse and the man. It should be roomy everywhere and especially so in the panels if you are heavy. The throat should not be so narrow as to cause pain or so wide as to wabble. Plain flaps are most comfortable and businesslike. A felt pad or at least a good saddlecloth should always be used, and to give a trim appearance it should be cut to the outlines of the saddle. It should be frequently washed and sunned. Stirrups should be open, wide and heavy, so that the feet can be readily freed in case of a spill.

"A proper fitting saddle will stick with very loose girths, and you can find where it fits by walking the horse around a few minutes before mounting with the girths unbuckled. The horse will shift the saddle to the exact place where it is most comfortable. When through with your ride, remove the saddle at once and bathe the back with cold water, following this, if possible, with an alcohol shampoo."—Cleveland Plain Dealer.

### Fisherman's Luck.

Speaking of fishing, "fishermen's luck," "lucky fishermen," etc., what does it all mean anyhow? To say a man is a lucky fisherman is merely to admit his superiority as a fisherman over other fishermen. The fish are in the water. We all have the same chance to get them, yet some "lucky fishermen" always come home with their fish boxes full and the other fellow gets nothing. In the parlance of the fisherman, the word "luck" really means "knowledge." The "lucky fisherman," you will find, knows the rock holes where the grouper lurks; he knows the channels in and about the patches and passes where the amberjacks and barracuda live; he knows where and how to find and capture the silver mullet for bait; he knows how to bait his hooks for different fish as occasion may require; he knows the style of hook to use for every kind of fish; he is a judge of what style of fishing to do under certain conditions of wind and weather, and, above all, he is untiring in his efforts to use all of his knowledge when he is out for fish.—Miami (Fla.) Record.

### Great Musician's Eccentricities.

Dolls were the idols, after his beloved instruments, of Domenico Dragonetti, the king of the double bass. He had a huge collection of these puppets dressed in various national costumes, and wherever Dragonetti went the dolls were sure to go. That was only one of this eccentric genius' peculiarities. He would never play unless his dog were in the orchestra, and nobody would have got a note out of him unless he had been permitted to sit in the orchestra next to the stage door. This was a precaution to enable him to save his wonderful instrument in case of fire. The instrument itself he brought from the monastery of St. Pietro when on a visit to Vincenza, and when he died he bequeathed it to St. Mark's, Venice, to be used at solemn services.—London Standard.

### A Dangerous Precedent.

The best case which I have seen of law versus justice and common sense is one which Montaigne relates as having happened in his own day. Some men were condemned to death for murder. The judges were then informed by the officers of an inferior court that certain persons in their custody had confessed themselves guilty of the murder in question and had told so circumstantial a tale that the fact was placed beyond all doubt. Nevertheless, it was deemed so bad a precedent to revoke a sentence and show that the law could err, that the innocent men were delivered over to execution.—London Graphic.

### A Wonderful Happening.

Port Byron, N. Y., has witnessed one of the most remarkable cases of healing ever recorded. Amos F. King, of that place says: "Bucklen's Arnica Salve cured a sore on my leg with which I had suffered over 80 years. I am now eighty five." Guaranteed to cure all sores, by R. R. Bellamy, Druggist, 25c.

# FIRST SPIKE DRIVEN

(Continued from first page.)

a notable one and marked the dawn of a new era of prosperity and development for Brunswck county.

For Wilmington and New Hanover county as well as Southport and Brunswick the building of this new line of railroad from Navassa all the way to Southport and through the middle of the county, means much. Brunswick county is one of many and varied resources and wth railroad facilities will rapidly take its position in the front ranks as one of the greatest counties in the State. As a matter of fact the building of this railroad may furnsh the connecting link for another great system traversng this section from Norfolk to the Gulf of Mexco, for at Norfolk connections would be made with a trunk line to Philadelphia, New York and all the Northern States over the Pennsylvania Railroad and the Chesapeake & Ohio, or the Baltimore & Ohio and Norfolk and Western to the Western States, which would shorten the distance as the map now shows more than one hundred miles. The Norfolk & Southern which skirts the North Carolina Coast from Norfolk to Newbern is already building in the direction of Wilmington and has its road graded several miles between Clarks, a station between Newbern and Kinston and the City of Wilming-Ths company will unquestonably build into Wilmington and at the same time it is a noteworthy fact that south of Charleston a new trunk line is forming with its Southern outlet on the Gulf of Mexico that is heading this way. So it turn out yesterday's work at Navassa by the Wilmington, Brunswick & Southern Railroad people, shall possibly re-arrange the whole map of railroad operations in North Carolina. This is a day of big things, and it is hard to predict today what tomorrow will bring forth.

## LOCAL DOTS.

—The weather yesterday was much cooler. The maximum recorded by the Weather Bureau was 91 degrees; the minimum, 74 degrees.

—The Wilmington Gun Club will hold its regular weekly shoot on the grounds this afternoon and a full attendance of members is expected.

—Jno. S. McEachern and wife have transferred to Mrs. Mary Ann Chadbourn, for $2,100, property on east side of Sixth, 66 feet north of Church street, 66x220 feet in size.

—There were only a few trifling cases before the Mayor yesterday. Two women for engaging in an affray were fined $5 and costs each and a white man charged with being drunk and down was let off with the costs.

—The American steamer Ossabaw arrived in port yesterday from New York, with cargo of cement for discharge at the Seaboard Air Line warehouses. The vessel is of over 2,000 tons and is consigned to Mr. F. A. Fetter, Jr., agent of the Seaboard in this city.

—The Fayetteville Observer prints a letter from General Passenger Agent T. C. White, of the Atlantic Coast Line, stating that the request of the Fayetteville people for a Sunday train to the beach is reluctantly declined; that the train has been tried in former seasons, and it did not pay the cost of operation. This decision was very disappointing to the people of the upper Cape Fear who wanted a schedule so that they could come down in the morning and return the same night.

## AT CAMP BRUNSWICK.

**Boys Having Time of Their Lives—Baseball Game Played.**

(Special Star Correspondence.)

Camp Brunswick, Southport, N. C., July 25.—General orders for July 24th 1907: Officer of the day, 2nd Lieutenant Garrison; Sergeant of the guard, J. C. McAllister; Corporal of the guard A. L. Mott, Jr.; guard detail, Privates J. W. Brown, W. R. Tilley, F. B. Pittman and H. K. King.

All the boys report having the time of their lives. The weather has been beautiful and nothing has happened to mar our pleasure in the least. We are sorry to lose Lieutenant Francis Garrison, who had to go home today on account of business. Much to our gratification the Rev. J. M. Wells, chaplain of the company, came down today to spend the rest of the week with us. Another occasion of pleasure to us today was an excursion run by Fifth Street M. E. Church. Many of the boys saw some friends when they were very anxious to see.

By yesterday's mail Clarence Davis received three letters and four postal cards—A-hem! Dusty Davis also received an epistle addressed in feminine handwriting. If "Sonny" Brown dno't discontinue "sawing gourds" so discordantly he'll run all the "graunts" in shame from Southport. We are rather short on illumination since "Red" Canady left camp. We have about used up all our kerosene.

This afternoon in a rather long drawn out baseball game the Post team defeated a picked team from town and the Brigade to the tune of 9 to 0. "Leather-lung" Hall don't brag a bit, but says he caught a beaut?

That Kure boy "driv' up" today; all raw recruits are noticed sticking pretty close to their tents.

B. F. K., Jr.

**Long Live The King.**

is the popular cry throughout European countries; while in America, the cry of the present day is "Long live Dr. King's New Discovery, King of Throat and Lung remedies!" of which Mrs. Julia Ryder Paine, Truro, Mass., says: "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the inhabitants of this country New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the only sure cure. Guaranteed by R. R. Bellamy, Druggist. 50c and $1.00. Trial bottle free.

# ULTIMATUM ISSUED

(Continued from first page.)

Federal and State courts, which I accordingly submit for your consideration, namely:

"'That in view of the two decisions by Judge Pritchard and Judge Long, which fully present the contentions, both of the State and the railway company, as to the effect of the injunction in the railway rate case, an orderly and speedy deterimnation of the questions involved be obtained in the following maner:

"'First. That the appeal by the State in the habeas corpus case before Judge Pritchard be prosecuted to the Supreme Court of the Unitd States and application be made to advance the hearing.

"'Second, That the railway company also take an appeal to the Supreme Court of North Carolina in the Wake county case of the State against the Southern Railway Company, in accordance with the Governor's suggestion in yesterday's interview, and if this case goes by writ of error to the Supreme Court of the United States that like application be made to advance this suit also.

"'Third, That in the meantime the original railway rate case be diligently proceeded with on the merits and that no other suits or prosecutions for penalties growing out of the statute in controversy be instituted by eithre side pending the determiniation by the Supreme Court of the question involved.

"'Fourth, This would take up to the Supreme Court of the United States the question of the effect of Judge Pritchard's injunction for final determination in an orderly manner in the two cases, one going through the Federal and the other through the State court, and would speed the final determination on all questions.'

"I am advised that Mr. Sanford has obtained the assent of the Southern Railway Company to this method of settlement."

The Governor's reply to Solicitor Brown:

"Raleigh, N. C., July 23, 1907.

"Telegram too important to hastily answer. Does position include a temporary putting into effect of the new rate? Answer before I act."

Solicitor Brown immediately telegraphed Governor Glenn:

"Sanford states that his suggestion did not include the temporary putting into effect of the new rate, but contemplates that both parties would continue the prosecution of the suits mentioned in my former telegram in both the State and Federal courts in order that their respective rights may be speedily determined by the Supreme Court of the United States through orderly procedure without the conflict between the State and Federal Courts and in order that the question of the effect of Judge Pritchard's injunction may reach the Supreme Court through the medium of decisions of both the State and Federal courts."

Pending the return of Assistant Attorney General Sanford from Raleigh, where he was in consultation with Governor Glenn this morning a number of coferences were held here today and night between the Southern Railway officials and their counsel Nothing tangible, however, resulted therefrom, although it was persistently rumored tonight that the railway people would accept the Governor's ultimatum to put the new passenger rate into effect pending further litigation. Railway officials tonight state that no action had been taken.

Over the long distance phone tonight Governor Glenn said:

"I do not propose to let the railroads run the State of North Carolina. I have sworn to uphold the laws of the State and I propose to do it."

Assistant Attorney General Sanford returned here from Raleigh shortly after midnight tonight and tomorrow will present Governor Glenn's proposals to the railroads officials.

—Fayetteville Observer: "Two little negro boys Nathaniel and Carson McKeller, aged 11 and 10 years respectively, are now in Cumberland county jail, charged with attempting to wreck No. 89, the South bound passenger train, Sunday afternoon, three miles this side of Parkton. Their arrest discloses the fact that Sunday came very near witnessing one of the most horrible wrecks on record, and certainly the most serious in the history of the Atlantic Coast Line. No. 89, which left Fayetteville at 5 o'clock, with her long train of coaches, many of them well filled with passengers, was running at a high speed on the track ahead, which fortunately was staight at this point, and at once applied the breaks. He was just in time, and when the object was reached, it was found to be a heavy cross tie, placed in such a position that if it had been struck while the train was running at full speed, the country would have been shocked by the news of another great disaster. The boys were arrested at the home of their mother, Lucy A. McKeller, between Hope Mills and Parkton, yesterday afternoon by Deputy Sheriff Pate, on a warrant sworn out by Mr. H. G. Scarborough, an A. C. L. detective, who was sent to the scene immediately after the occurrence. They were bound over to the Criminal Court, and on account of their extreme youth were required to give a bond of only $25 each, which was given for them."

## SOUTHERN PACIFIC.

**It Was Feature of the Stock Market Yesterday.**

(By Wire to the Morning Star.)

New York, July 25.—Speculative operations fell into abeyance today with the announcement that the Southern Pacific directors had adjourned for a week without taking formal action on the dividend. Superficially, the halt in the market might be construed into doubts as to what the dividend rates will be. As a matter of fact it was allowed to be understood with sufficient exactitude and reliability that the executive committee of the directors had decided to recommend a quarterly dividend of 1 1-2 per cent., thus raising the rate of disbursement from 5 to 6 per cent. Whether the removal of mystery from the dividend decision diminished the attractiveness of the stock from a speculative standpoint was a bruited question, but the hesitation of the market seemed due rather to doubts over what speculative progress might be portended by the similar procedure regarding the dividend question.

The prices of the stock went to 91 3-8 today in the early extension of yesterday's movement, but the amount of sales to realize at the higher level became so portentious as to discourage further attempts to advance it. On the day last year when the announcement was published that the stock had been placed on a 5 per cent. dividend basis it sold at 39 and in the weeks following up to 97 1-2, the record figure. Since that it has sold at 63 3-4. Southern Pacific dominated the day's market and when it reacted from the early advance the rise in Reading was ineffective to hold the market, although seemingly designed to do so.

## JAMESTOWN CELEBRATION.

**Important Exercises at Exposition on Last Day of Month.**

(By Wire to The Morning Star.)

Norfolk, Va., July 25.—In commemoration of the establishment of the first House of Burgesses, or Legislative Assembly in America at Jamestown, July 30, 1619, there will be held at the Jamestown Exposition on July 30, 1907, the two hundred and eighty-eighth aniversary celebration, in commemoration of the event, being one of a series of many historical celebrations to be observed at the Exposition. The programme begins at 11 o'clock in the auditorium with addresses by Hon. Adlai E. Stevenson, of Illinois, ex-Vice President of the United States, Hon. Warren J. Keifer, of Ohio, ex-speaker of the House of Representatives.

## WARM WIRELETS.

The prosecution in the case of Louis Glass, charged with bribing supervisors, closed at San Francisco yesterday. The defense submitted the case without testimony. The case will go to the jury today.

An investigation into the cause of the wreck of the steamer Columbia, causing the loss of some 90 lives, was begun yesterday at San Francisco by Capt. John Bermingham, supervising inspector of steamships in that district. Several officers of the ill-fated steamer were examined. The investigation will be continued today.

A terrific wind, rain and lightning storm passed over Augusta last night, doing much damage to electric wires. The city has since been in darkness and all electric current is off. Damage to the electric company is estimated at $15,000. Four firemen were injured by falling walls. Two small boats were upset in the canal and a number of negroes returning from a picnic had a narrow escape from drowning.

The hot wave continued yesterday in the South and West and moved eastward as far as New York, where, according to the Weather Bureau almost 90 degrees was recorded. The same temperature was officially reported from the South, and West in a day or two. Washington sweltered yesterday under a maximum temperature of 99 degrees, recorded downtown, and 92 degrees at the Weather Bureau. There were several prostrations.

In the course of the dinner given by Rear Admiral Stockton on the American cruiser Washington Wednesday night at Brest at which a number of Japanese naval officers from the cruisers Tsuku and Chitose as well as some French officers, were present, Rear Admiral Stockton proposed the health of the Emperor of Japan, and of the Japanese navy. In reply Capt. Takanutchi, of the Tsukuba toasted President Roosevelt and the American navy.

The "next friends" of Mrs. Mary Mary Baker G. Eddy, the Christian Christian Science leader, who are seeking from prominent Christian Scientists an accounting of Mrs. Eddy's property, gained an important victory in the Merrimac Superior Court yesterday, when Judge Robert N. Chamberlin, denied five motions made by counsel for the defendants to the suit. The motions included propositions to limit the scope of the inquiry to be made by the three masters named by the court to decide the matter of Mrs. Eddy's competency and to permit the defendants in the original accounting suit to become parties to the preliminary inquiry as to Mrs. Eddy's competency.

—Fayetteville Observer: "Mr. H. A. Cameron, a prominent farmer of Carver's Creek township, was tried before Squire Overby yesterday, charged by Bettie Campbell, colored, with trespassing on her property. After hearing the evidence, the magistrate dismissed the case, and taxed the prosecutor with the c osts."

## WATER AS A BEVERAGE.

**Flattest After an Apple and Coolest After a Peppermint Drop.**

"Water is the finest drink in the world," said the epicure in little things, "but not every one knows how to get the most enjoyment out of drinking it.

"For instance, water should never be drunk immediately after an apple has been eaten, for as a beverage it then has a taste more flat and insipid than as if it had been taken from a cold teakettle.

"On the other hand, there is nothing to my mind that makes water taste more cool and refreshing (not counting actual thirst) than to eat a peppermint drop before taking a drink of it.

"And, while peppermint stands at the head, a drink of water is particularly and noticeably good after any wafer or lozenge. Popcorn, on the other hand, takes all the animation out of a subsequent swallow of water.

"Nor do bread and water go well together. The water takes the sweetness out of the bread, and the bread takes the liveliness out of the water and makes it flat beyond degree.

"The tyrant who first hit upon bread and water as a prison fare of punishment knew his business.

"The enjoyment of a drink of water varies, too, with what you drink it from. You would not offer to a sick person a drink of water in a cup, but rather in a glass, the thinner the better. The fact that the water itself in all its limpid clearness is present to the sense of sight stimulates an expectation that is gratified along with the sense of taste.

"I have frequently observed men about to drink some other beverage than water, and it appears to be a very common habit with them to regard the liquid steadily for some seconds before swallowing it, often holding it on a level with their eyes in order to see it as clearly as possible.

"Surely this lesson should not be lost upon the man who knows that there is no drink like water. While you are drinking it enjoy it.

"For my own part, I like water from a big tin dipper even better than from a thin tumbler, but best of all drinking dishes for me is a newly made birch bark dipper, all the better if I have made it myself.

"Dip a full dipper from the center of the bubbling spring, take a look to see how limpid it is against the clean yellow freshness of the dripping dipper, put your lips to the water itself and then take one of the sweetest gifts the gods provide."—Brooklyn Citizen.

# SPIRITS TURPENTINE

—Clakton Express: "We learn that Bladenboro is soon to vote on the question of special tax for schools. We hope that no vote will be cast against it. Columbus now has twenty-three tax districts."

—Mt. Olive Tribune: "Rev. P. McIntyre, pastor of the Mount Olive Presbyterian Church, will leave the coming week for his old home in Canada, where he will spend the months of August and September with his parents."

—Mt. Olive Tribune: "Mr. Ashley Horne, of Clayton, Johnson county, has accepted an invitation to deliver an industrial address in Mount Olive next month, possibly between the 15th of August and the first of September."

—Clarkton Express: "Congressman Godwin seems to be doing all he can for the welfare of the people of his district. He writes us that he has forwarded to the road commissioner of Brown Marsh township necessary blanks on which to make application to the government for an expert road builder."

—Mt. Olive Tribune: "Hundreds of people from this section and from adjoining counties will vie with the people of Kenansville and Duplin county Thursday of next week, August 1st, the occasion of the seventh annual reunion of William J. Houston Camp of Confederate Veterans, and all together will make the event the greatest and most successful ever held in the county. Hon. Locke Craig, of Asheville, the best orator in North Carolina and Editor John A. Oates, of Fayetteville, are the speakers for the occasion. In addition to this a complete programme has been arranged comprising many interesting and attractive features."

—Fayetteville Observer: "There was recently a very exciting election in Hope Mills No. 1 on the question of a special tax for a school in what is known as District No. 5 1-2. Some ugly charges have been made as a consequence of the election, and culminated in the arrest of Mr. Tom Sears, on a charge of tampering with the ballot box. He will be tried before Squire Overby Friday morning at 10 o'clock. It is alleged that when the ballot box was closed it contained 11 votes for "Tax," and 11 votes for "No Tax," and that before the votes were counted, Mr. Sears went into the booth while the pollholders while judges were absent, and abstracted one of the ballots marked "No Tax," and added a ballot marked "For Tax," thus making the vote stand 12 to 10 in favor of the tax."

—Clarkton Express: "There was enacted in Columbus county, abont 6 miles from Clarkton, some weeks ago, one of the blackest crimes committed in this section in recent years. Two of the best old people in Columbus county are Mr. and Mrs. Lennon Jordan; pious, godly old people who have lived past the age of three score and ten. They have lived in that community all their lives and have not an enemy. Some weeks ago one of their sons, Will Jordan, became enraged at his parents and brutally assaulted them. He first attacked his mother, and the old man, bent with age, interferred and was knocked down and badly hurt. The other sons of this venerable old couple are all good quiet men and of course are distressed over the action of their brother."

—Mt. Olive Tribune: G. O. Starling, a young white man who has been employed as clerk in the Atlantic Coast Line office here for about three months, and Sam Dixon, a negro employee at the depot, left town very unceremoniously Wednesday of last week, and their whereabouts so far remains a mystery. For some time articles of merchandise have been disappearing from the depot at Mount Olive, and in order to ferret out the thefts, Mr. Musselwhite, a member of the Coast Line dectective force, was sent here to investigate and if possible trap the guilty parties. After some very clever work, Mr. Musselwhite securred evidence that incriminated these two employees, but just as the trap was about to be sprung the game took flight to parts unknown. Startling came here from Godwin's Station, Cumberland county, and up to that time was considered thoroughly honest by his employers. He is said to have come from a good family, and his downfall is greatly regretted."

THE REAL TEST

Of Herpicide Is In Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vigors may look nice and smell nice but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Belle of Virginia BLENDED RYE

When a man goes for a drink of Belle of Virginia Whiskey he hurries because he knows he will have a fine drink, and when he comes away he smiles and smacks his lips because he has had it. Belle of Virginia is a blended whiskey—a rye whiskey, carefully and scientifically blended from fine, pure, old whiskies. It's a really good honest article and to those who like a blended whiskey it will give satisfaction clear down to the ground.

Sold at the places where gentlemen go to get a drink.

### THE COTTON MARKET.

(By Wire to The Morning Star.)

New York, July 25—The cotton market today just about recovered the losses of yesterday, owing to continued dry, hot weather in the South and silghtly more aggressive support from leading bulls. The close was steady at a net advance of 5 to 21 points, with September showing the maximum gain. Sales for the day were estimated at 350,000 bales. The opening was steady at an advance of one to four points in response to rather better cables than expected. During the early trading, the market acted heavy, owing to selling by some of yesterday's buyers and bear pressure, but the weather map did not show as much rain in the South as had been looked for, and when the detailed weather reports came in, they indicated a continuance of very high temperatures at almost all points in the South. The market rallied on these reports, together with predictions that the hot winds reported in Kansas would work down in the Western belt and with the bulls rather aggressive buyers of the near months, October sold up to 11.98 or within one point of the highest level of yesterday and sixteen points over the closing figures of last night. During the afternoon fluctuations were rather irregular, owing to realizing at the advance, with August and September relatively firm and closing within a point or two of the best. New crop months were generally 7 to 9 points net higher at the close. Next Monday is the first August notice day, and the demand for that position today was considered a favorable feature. Private crop accounts from the eastern were quite bearish in some instances, but were offset by fear of droughth.

Receipts at the ports today, 602 bales, against 1,849 last week, and 6,290 last year; for the week, 10,000 bales, against 10,361 last week, and 29,523 last year. Today's receipts at New Orleans, 95 bales, against 3,089 last year, and at Houston 338 bales, against 865 last year.

Spot cotton closed quiet; middling upland, 13.10; middling Gulf, 13.35; sales, 1,300 bales.

Mexican dollars 53 1-2.

### DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, July 25.—The dry goods market was firm and moderately active for the day. Raw silk is somewhat easier in the Yokohama market but silk manufacturers are not operating much. Jobbers are doing a steady trade and their sales are ahead of those in July of last year. The largest sales were being made in domestics and printed goods. Dress goods are becoming more active and there is greater activity in men's wear goods.

# ROWLAND HELD WITHOUT BOND

## Hearing in Noted Raleigh Case Involving Man and His Wife is Ended.

## ORDER REFUSING RELEASE

### Whole History of Case is Reviewed. No Prison Liberties Are Allowed Defendants in Response to Requests of Counsel.

(By Associated Press).

Raleigh, N. C., July 25.—The application for release by Dr. and Mrs. D. S. Rowland, under habeas corpus proceedings was today refused by Associate Justice Connor of the Supreme Court. He announced that as the burden was on the Rowlands to show their innocense of the charge of the murder of Charles R. Strange, Mrs. Rowland's former husband, and that as this had not been done, he remanded them to jail for the next term of court without and prejudice to either them or to the State.

Raleigh, N. C., July 25.—An immense crowd assembled at the Supreme Court room this morning to hear the concluding arguments in the Rowland habeas corpus case, which was to begin at 9:30. However, when the court was convened by Judge H. G. Connor, he announced that he could see no reason for further time to be taken up in argument. He had only heard some preliminary argument as to the contentions of the counsel for the prisoners yesterday evening. Counsel for the prosecution expressd a perfect willingness to leave the case with the judge as to whether or not the prisoners could be released on bail, feeling confident that the State had made out its case and precluded the possibility of release.

A recess was taken to 12 o'clock, when the final order as to bail would be announced. The prisoners show the effect of the strain they have been under for several days, and while they manifested much anxiety about the probable action of the judge, there was clearly a feeling of relief that the hearing had so nearly approached the final end. Both seemed hopeful of securing bail.

The order by Judge Connor, refusing to release the Rowlands on bail reviews the whole history of the case, especially the fact that Judge Long during the recent term of Wake court heard counsel on the question of bail when the order was made continuing the case to the September term, remanded the prisoners to jail without bail. He says "Upon careful consideration of the whole testimony, being of the opinon that petitioners are not entitled to be discharged upon giving bond as prayed, their motion is denied. The sheriff is directed to remand the petitioners to the common jail until discharged according to law."

The judge refused a request of counsel for the Rowlands that the sheriff be directed to allow the prisoners to be in each other's company at intervals.

Objection was on the ground of conspiracy which is one of the charges against the prisoners and association would tend to maintain their defense.

## SWIMMING CONTEST.

### Gotham Aquatic Athletes Winners at the Exposition Yesterday.

(By Wire to The Morning Star.)

Norfolk, Va., July 25.—The New York Athletic Club, with C. M. Daniels as the star easily carried off the honors of the first day A. A. U. championship swimming contests. The Gotham aquatic athletes captured five of the nine events.

The feature of the swimming was the half mile race for senior championship. It was captured by Goodwin in three strokes. Goodwin and Handy swam neck to neck for a half mile. Handy gained slightly and it looked like his race. In the last hundred Goodwn spurted and captured first honors in the last minute.

In the hundred yard dash Daniels by half trying might have broken the world's record; it was his race from the jump and he simply frollicked through the water, although making the distance in only five seconds more time than the record.

# EFFORT IS FUTILE IN LYNCHING CASES

## Second of Defendants on Trial at Monroe, N. C., is Discharged By Jury.

## ZEKE LEWIS NOT GUILTY

### Judge Peebles Urged Solicitor Robinson to Remove to Still Another County—Too Much Feeling, Says His Honor.

(By Wire to The Morning Star.)

Charlotte, N. C., July 25.—The efforts of the State of North Carolina to bring to justice the twenty odd citizens of Anson county who took J. V. Johnson from Wadesboro, the night of May 20th, 1906, and lynched him came to an abrupt termination today when the jury in the case of Zeke Lewis, the second of the lynchers to be tried, returned a verdict of not guilty.

The jury was out an hour and three quarters and when the verdict was announced Judge Peebles who has presided at Union Conuty Superior Court, formally discharged the jurors and stated that he would not go into the trial of another one of the men indicted, there being too much feeling in both Union and Anson counties in favor of the defendants to hope for a conviction.

He urged Solicitor Robinson to move for a removal of the cases to some other county. The other 18 defendants were requred to give bonds of $5,000 each for their appearance at the January term of Union county court.

Johnson, the victim of the mob's vengence, was under indictment for the murder of a relative, Guin Johnson, and was awaiting trial at a special term of Anson county court when lynched. Twenty-three men were indicted for the crime and three fled the State and never have been apprehended.

## KOREA AND JAPAN

### Agreement Formally Signed Yesterday Freer Hand For Tokio.

(By Cable to the Morning Star.)

Seoul, July 25.—Iwan-Young, premier of Korea, acting by authority of the Emperor given under the imperial seal at the palace early yesterday and Marquis Ito, resident general of Japan, signed the following agreement at midnight at the Japanese residence:

"The governments of Japan and Korea, in view of the early attainment of prosperity and strength in Korea and the speedy promotion of the welfare of the Korean people, have agreed upon and concluded the following stipulations:

"Article 1. The government of Korea shall follow the direction of the resident general in connection with the reform of the administration.

"Article 2. Korea shall not enact any law or ordinance or carry out any administrative measures unless it has the previous approval of the resident general.

"Article 3. Judicial affairs of Korea shall be kept distinct from ordinary administrative affairs.

"Articlo 4. No appointment or dismissal of Korean officials of high grade shall be made without the consent of the resident general.

"Article 5. Korea shall appoint to official positions such Japanese as are recommended by the resident general.

"Article 6. Korea shall not engage any foreigner without the consent of the resident general.

"Article 7. The first clause of the agreement between Japan and Korea dated August 22, 1804 is hereby abrogated."

The agreement abrogates the advisor system, especially affecting the finance department, under Advisor Megata, who now becomes a Korean official.

It also affects the judicial department of the Korean government for which a corps of advisors for all the provinces recently arrived from Japan.

The Japanese plan, it is announced is to take control very gradually as there is a dearth in Japan of competent and available officials. A modern administration of Korean affairs would entail a draft of 1,200 officials and impose a deficit of three times the present revenues. The organization of courts of justice will entail an immense burden, as no legal code now exists. The urgent necessity is to obtain control of the Korean army and it is expected that General Hasegawa will be added to the military staff of the Korean government.

Anxiety regarding further interference by the throne or former emperor in the administaotion of the government has now ended.

Marquis Ito at the head of the Japanese and Korean-Japanese council practically is Viscount Hashi's agent of administration.

Seoul, July 25.— The Kwan Anthill has been stirred to the very cellar by the former emperor's second pledge of abdication. A wave of great excitement crept over the whole peninsular today when the new agreement with Japan was announced and the Emperor's proclamation published in the provinces.

"All the privileged old ladies attached to the court arrived in crowds at the palace, condoling, weeping and wailing."

Chester B. Runyan, the paying teller of the Windsor Trust Company, who recently defaulted with nearly $100,000 of the company's funds yesterday pleaded guilty to the indictment charging him with grand larceny and was remanded for sentence.

# JUDGE AND JURY CASE IS NEARING

## Clarence Darrow Closes His Appeal For Haywood's Life at Boise, Idaho.

## SENATOR BORAH HAS BEGUN

### Charge to Jury Saturday Morning. Immense Throngs Present Last Night to Hear the Junior Senator—Remarkable Language.

(By Wire to The Morning Star.)

Boise, Idaho, July 25.—The case of the State of Idaho against William D. Haywood, charged with the murder of Frank Steunenberg, a former Governor of the State, will rest with judg and jury by tomorrow night.

Clarence Darrow, after speaking for 11 hours, concluded the final plea for Haywood's life at 4:20 P. M., and at 7 o'clock this evening, United States Senator Borah opened the closing argument for the prosecution. He will speak for three sessions of about seven hours. Judge Fremont Wood will instruct and charge the jury on Saturday morning. At least one thousand people were unable to find seats in the court room tonight. Two hours before the hour set for the third session of the day, crowds began to arrive and within half an hour the doors were closed to all but court officials and newspaper men. It was an audience composed almost entirely of Boise people gathered to hear the speech of the young man who, recently elected by the people of Idaho to represent them in the United States Senate, has been the assistant counsel for the prosecution in the case against Haywood.

Aside from the unaccustomed crowd in the court room and the large number of women present, the scene was much as it has been at each of the sessions during the last 11 weeks.

Mrs. Steunenberg, the widow of the murdered Governor appeared in the court room for the first time since the trial opened. She occupied a seat inside the railing beside her youngest son, Julian.

Governor Gooding with a number of the executive staff and a large representation of the State judiciary and bar were among the audience. Haywood was surrounded by his counsel and his wife, in her invalid chair, was as usual by his side.

At the prosecution table when Senator Borah rose to speak were seated two associate counsel, but James H. Hawley, counsel for the State, was not in his place, owing to serious illness.

Attorney Darrow in his final plea for the acquittal of William D. Haywood confined himself more closely to the case but throughout the theme there continued the strong note of abuse of Orchard and condemnation for Pinkertons. Extreme hoarseness at first interfered somewhat with the speaker's flights of oratory, but a liberal use of losenges affected some relief and by the time Mr. Darrow reached the labor troubles in Colorado, he threw all restraint aside and in spite of a reminder from the court, he rose to even greater heights than yesterday in his assault upon the existing order, past and present. He would speak he said, upon the subject of deportations and await the instructions to the jury later.

Mr. Darrow defended the action of Jack Simpkins in disappearing. He argued to the jury that at the time of Steunenberg's death no man accused of the murder would have been given a fair trial. He commended Simpkins for remaining in hiding during the present trial and brought bold accusation against the jury he was addressing when he said: "Possibly a year hence every man who has not been hanged can get a fair trial in Boise."

He explained the action of the Western Federation of Miners in the re-election of Simpkins as a member of the executive board on the ground that as "brave men and brothers, we should stand by him until he is tried and convicted."

## NORTH STATE JEWELERS.

### Annual Meeting at Jamestown Exposition Yesterday.

(By Wire to The Morning Star.)

Norfolk, Va., July 25.—The features of today's meeting of the North Carolina Jeweler's Association held at the North Carolina building at the Exposition were the adoption of resolutions condemning the present parcel post bill, now pending before Congress and approving a rural free delivery parcel post system. They declared that the proposed law would be detrimental to the best interests of the retailers, evidently because of mail order competition. What they ask is local free delivery on rural routes. They ask the North Carolina retail merchants to assist them in securing the latter.

## PROHIBITION IN GEORGIA.

### Special Order For Next Tuesday—Filibustering Tactics.

(By Wire to the Morning Star.)

Atlanta, Ga., July 25.—Georgia's prohibition bill now pending before the Lower House, will be made the special order of business for Tuesday, July 30th, and a final vote will be taken that day. This agreement was reached in the House today, following the filbustering tactics of the minority, which ended at 11 o'clock last night, after nearly 14 hours of exciting maneuvres, when adjournment was precipitated by a personal encounter between two prominent members of the House.

With a majority of nearly four-fifths favoring the bill, which has already been passed by the Senate, and with Governor Smith pledged to sign the bil when it shall be passed, prohibition in Georgia appears to be a foregone conclusion.

## PEACH GROWERS COMPLAIN.

### Railroads Fail to Furnish Cars for Transportation of Fruit.

(By Wire to the Morning Star.)

Atlanta, Ga., July 25.—The Senate today unanimously adopted a resolution asking the Georgia Commission to investigate numerous complaints from the Peach growing section of the State regarding the delay in railroads in furnishing cars for the shipment of fruit. It is asserted that many carloads of peaches have rotted at railroad stations for lack of cars, which the roads have failed to furnish.
